## THE CITY ELECTION

A LITTLE OVER A MONTH AWAY AND NO CANDIDATES ANNOUNCED

## WHO WILL BE MAYOR?

Several Names Suggested But Not One Out for It—A Great Deal of Interest Promised.

The city election is a little over a month off, and while there are several being mentioned for mayor and for the other city offices, still no one has announced their candidacy. The election day is Tuesday, April 7.

For mayor, the names of E. F. Wolfert, Gus Romasner, John G. Gremm and Will F. Phares are being suggested. Probably none of them are candidates, but there is talk of drafting one of them for the place. Others are talking about the election, and it is probable that a great deal of interest will be taken in the election.

The chances are that there will be a non-partisan convention a few days before the election, when the ticket will be nominated. There is some talk of putting up a Republican and a Democratic ticket, but it has merely been talk so far, and probably nothing will be done along this line.

The position of mayor pays very well. His salary is \$500 a year, and as police judge he gets fees, making the salary about \$800 to \$1,000 a year.

There is also an alderman for each ward to be selected and a city collector and chief of police.

## THEIR RELATION TO SCHOOLS.

Good Roads Mean Good Rural Schools, the Average Attendance Greater, Efficiency Largely Increased.

The rural population is more willing to support better schools today than at any previous time. It is being realized that all educational activities or agencies must be more than all else, that they must be made accessible to the children. In many counties where bad roads prevail most of the schools are of the antiquated one-room variety. They are usually located along bad roads which, during the winter, when the schools are usually in session, become so nearly impassable as to make it difficult for the children to reach them. This condition causes irregular attendance and restricts the educational opportunities of the child. Not only this, but it often impedes the economic consolidation of these smaller schools into larger, stronger graded schools, with high school courses, directed by a competent principal and corps of teachers, according to the office of public roads, U. S. department of agriculture at Washington.

On the other hand, in counties which have improved their roads, the schools are easily reached, the average attendance greater, the efficiency largely increased and economic consolidation made possible. Regular attendance at school means consistent and regular growth of both school and pupil, and consolidation of schools means a maximum of efficiency at a minimum of cost. It is also noteworthy that there is a marked tendency for the consolidated school to become the social and intellectual center of the community. Most modern rural schoolhouses are so constructed as to serve the community as gathering places for various kinds of public meetings, and where vans are used to convey the children to school during the day they are frequently pressed into service to haul the farmers and their wives to institute work, lectures or entertainments at the school house. The consolidated school becomes a sort of community center to which all educational and social activities converge, and in order that it may properly perform that function, all of the highways leading to it should be so improved as to render it readily accessible throughout the year.

## Moving to New Home.

Mr. and Mrs. H. W. Hull, who have been living two miles north of Maryville, will move Wednesday to their new residence, one mile north of town, on what is better known as the George Aley farm, which they purchased last fall. They have built new barns as well as a new house. The house has eight rooms and is built on modern lines, has furnace heat, water works and is wired for electric light service.

## Basket Ball at Ravenwood.

The Ravenwood basket ball team of the Christian church Sunday school is some team. It played the team from the Blockton Christian church Sunday school Saturday night and beat the visitors by a score of 29 to 15. Roy Bradley, forward for the Ravenwood team, made 21 points.

## NEW FEATURE FOR EMPIRE.

"The Adventures of Kathlyn" Started Monday Night—Is in Five Parts.

Albert Kuchs, manager of the Empire theater, has arranged for something new in the way of moving pictures for his Monday night audiences. The first to appear was last night, when the first installment of "The Adventures of Kathlyn" was presented to a crowded house. This is a picture story in five parts and will be continued on Monday, March 9; Monday, March 26; Monday, April 16, and Monday, April 29. On Monday, March 16, the Empire will have a picture, "Mothers," a Tanhouser production in four parts, after Ouida's novel. On Monday, March 30, there will be at that theater "Joseph in the Land of Egypt," a drama in four parts, following closely the Bible version of Joseph's life. On Monday, April 13, "Robin Hood," a beautiful production of the well known and popular opera in four parts, will be shown.

The story of the first installment of "The Adventures of Kathlyn," which was given Monday night, follows:

Kathlyn Hare, daughter of Col. Hare, a collector of wild animals, is modeling a pet leopard in her attic studio, when her younger sister, Winnie, comes in with a collar dog, which excites the leopard into such ferocity that the sister has to seek safety in a cage. The leopard is quieted by Kathlyn and her father, and Winnie is released. The father then tells his daughters how he captured the leopard, and in a dissolve we see him arriving in the nick of time to save the King Allah, a mythical principality in India, whose councilors had deserted him, from destruction by the infuriated beast. For his act of bravery the king gives the colonel a decoration, which he proudly displays to the girls.

Six months later, just before the colonel starts for Allah, he gives Kathlyn a large packet, upon which is written: "To be opened by my daughter, Kathlyn, at midnight, December 31st." Some time afterward as Kathlyn is showing the mysterious packet to her sister, a noise, coming from the outside, attracts their attention, and Kathlyn drops the packet as she and her sister run outside. During their absence, a Hindu, who has been lurking outside, watching the girls, steals inside, abstracts the colonel's message from the packet, but does not touch the sealed envelope, writes a note of his own, carefully seals the envelope and vanishes.

As the old padre is ringing the church bells at midnight, on December 31, Kathlyn and her sister open the packet and find what they suppose to be the note from their father, which tells them that if he has not returned before the New Year, he is held captive by the people of Allah, and the only way he could be saved would be by getting possession of the sealed envelope herewith. Being a woman of quick action, she takes the only way out of town that night, which is by means of a fast freight. Climbing into the caboose, she perceives one of her father's lions, boxed for shipment. The animal escapes from the cage and in the mixup the cover of the tool chest is accidentally opened, uncovering the Hindu. He is unknown to Kathlyn, who had forged the note found in the packet. He pays his fare and is accepted as a passenger. She gets to the steamer in time and in due course arrives in Allah, where she goes to her father's palace by way of an elephant's back. She has no sooner reached his residence when the Hindu, who has been secretly following, comes to her and tells her that her father is dead, when in reality he is held a prisoner by the people of Allah.

Kathlyn falls into a faint, and when she regains consciousness she is told by Umbella, the Hindu, that inasmuch as the king is dead, she must become queen. In proof of his words, he opens the packet, shows her the contents of same (translating a language she cannot read), shows her the note of her father which emphatically states—to destroy the sealed packet, conferring the hereditary right to him and his successors to the throne of Allah. A lone, defenceless woman in a strange land, she is more alarmed than ever, as she realizes that she is thoroughly in the power of fanatical people, and has already done exactly what her father commanded her not to do. She is informed that she must take possession of the throne at once, and protesting, she is dragged to the palace, placed upon the throne and held as captive against the day of the coronation. Amid great pomp, she is unwillingly crowned by the high priest. The council then lead Umbella forward and the populace is informed that he is chosen as the husband of the queen.

## Bound Over to April Term.

Dan Taylor of Graham, charged with carnal knowledge, was arraigned before Justice of the Peace McDougal on Tuesday morning and waived the hearing. Bond was fixed at \$1,000, which was given with W. H. Crawford as surety. The young man will be tried at the April term of circuit court.

## Marion Kinsella Ill.

Marion Kinsella was taken with apoplexy a few days ago and is in quite a serious condition.

## SIXTEEN BAPTIZED

AT BAPTIST CHURCH REVIVAL MEETING MONDAY EVENING.

## FORTY CONVERSIONS

The Deep Snow Did Not Affect the Attendance as There Was a Good Crowd at Services.

Although the deep snow was sufficient excuse for remaining at home by a comfortable hearth, there was a good crowd in attendance at the revival services at the First Baptist church Monday night.

The class in personal work that is being instructed by Rev. Henry, the inspiring leader of the music for the meeting, met in the prayer meeting room at 6:30 o'clock. Those who could not be present Monday evening, when the first lesson was given, may come Tuesday evening, but after this time students will not be added to the class, as to do so would hinder the advancement of the class. Remember the time, 6:30 sharp.

The baptismal service began Monday night promptly at 7:30, and there were sixteen of the thirty-five who are approved for baptism ready for that ordinance. Fourteen men and two young women were led into the water and baptized by the pastor, Rev. L. M. Hale.

At the close of this beautiful service Dr. Hale preached a strong sermon from the text "Never man spake as this man." At its close fifteen responded to the invitation of the minister. Five men professed conversion and were received for membership, making a total of forty at the present time. Twelve others in the congregation asked for prayer.

## Stricken With Paralysis.

Mrs. George Ingerson of this city was stricken with paralysis Saturday evening and has not regained consciousness since. Mrs. Ingerson had a stroke about a year ago, the right side being affected. Her left side was affected this time.

## Mrs. Holker's Funeral.

Funeral services for Mrs. Margaret Matilda Holker of Hopkins, who died Saturday morning, will be held Thursday morning at St. Patrick's church of this city. Burial in St. Patrick's cemetery.

## Should Drag the Snow Off.

County Highway Engineer John Clary would like to have everyone drag the snow off of the roads wherever it is possible. If it is done it will greatly help the road when the snow commences to melt.

Mr. and Mrs. Homer Rickard of Hamilton, who have been in the city a few days, went to St. Joseph Tuesday morning.

Mrs. May Clark Denny went to St. Joseph Tuesday morning for a few days' stay in the wholesale millinery houses. She will be employed by Mrs. S. F. McCrory.

## TO MEET AT PARNELL.

Rural Carriers' Convention to Be in That Town on September 1—Muntz a Delegate.

The Rural Letter Carriers' association of the Fourth congressional district of Missouri, in its semi-annual convention Monday at St. Joseph, decided to hold its next meeting in Parnell, on September 1. It was also decided to hold a special meeting on May 30, Memorial day, in Savannah.

J. S. Muntz of Maryville and J. T. Logan of Parnell were two of the delegates selected by the convention to attend the state convention.

The need of better organization for the rural carriers was the keynote of the meeting. Several talks were made along this line and plans were discussed for increasing the membership.

The meeting was adjourned Monday afternoon by S. S. Browne, Hopkins, the president.

## NEW PIANO STORE.

Mr. Landon is Turning Conservatory Hall Into a Center for Musical Instruments.

Mr. Landon of the Conservatory is making Recital hall doubly attractive by putting in some handsome musical instruments and will conduct a regular piano store.

Miss Grace Sturm will assist in demonstrating the gramofones and piano players. The gramofones or talking machines are of the Columbia and Victor manufacture, while the pianos carried are the Schumann. Mr. Landon will carry that make of pianos exclusively.

The gramofones are in various grades, \$50, \$75, \$100, are the grades he has at present. A \$200 instrument has just arrived and is being unpacked. All but one are upright. Mr. Landon expects to add a grand gramofone, a \$500 instrument, at no distant day.

This has become the greatest music line in the world. People who have neither time nor money for study, but love and appreciate the best music, may have it at any time by the purchase of one of these wonderful instruments. Mr. Landon has met with success far beyond his expectations since he began to handle the Schumann piano, and he is serving the people far better in putting in the talking machine because many who cannot afford to buy a more expensive instrument, which would require musical ability to bring out its value, may have the best the world affords in one of these machines. Conservatory Recital hall is mighty handsome in its new furnishings.

## Home From Chicago.

Miss Agatha Kirch returned Monday evening from her trip to Chicago, when she purchased the new Gage millinery stock for the Alderman-Yehle store.

Misses Alta Huey and Opal Wallace visited in Hopkins Saturday afternoon with Mrs. Earl Hull and Mrs. Levi Daniels.

Miss Fern Campbell of Barnard visited in Maryville Saturday afternoon with her grandparents, Mr. and Mrs. B. A. Alkire.

Mrs. H. K. Ferrell of St. Joseph returned home Tuesday morning from a week's visit with her parents, Mr. and Mrs. R. G. Allen.

## THE CHARITY BALL

AT ELKS CLUB PROVES A BIG SUCCESS IN ALL WAYS.

## \$123 IS FOR CHARITY

The Charity Board Now in a Position to Help Many Worthy People.

The grand charity ball given by the Elks club at their club house Monday night was a big success, and as a result \$123 has been turned over to the charity board to be used in the many cases for calls for help that come every few days during the winter months. The charity board has been out of funds for some time, and an appeal was made by the board upon the people for help. The Elks club decided at once on giving a ball, all of the proceeds to go to the board of charities, and the first one given Monday night was such a success that the Elks have determined on making it an annual affair.

Prof. T. B. Maulding's orchestra furnished the music for the dance free of charge and dancing was had from 9 until 1 o'clock. Everybody had an enjoyable time. Hot lunch was served at 11 o'clock. There were sixty couples in attendance at the dance. The committee in charge was F. R. Marcell, L. G. Schumacher and H. L. Raines.

With this money the charity board will now be able to attend to several deserving cases for help. There is nothing in the way of stated revenue for the use of the board, and their work depends on those who have plenty to give to the cause of the poor. The board is doing a good work.

## CLEAR SKIES AND WARMER.

That is the Forecast for Maryville After Winter's Heaviest Snow Storm.

The weather prediction today is for fair and rising temperature after the big snow storm of Sunday night. The telephone wires out of town are still down with the exception of the toll lines to Hopkins and Creston. The lines to St. Joseph, it is thought, will be ready for use on Wednesday. The Hanamo Telephone company had a gang of men working both Monday and today on their lines out of town.

The trains were a little late today. Wabash passenger No. 1, due at 6 o'clock, arrived at 10:52 a. m., nearly five hours late. The other trains were a little late.

## The Coburn Players.

One of the noteworthy features of the performances of the Coburn Players is the quality of acting by the members of the company. There are no stars, but even the most unimportant part has been most carefully studied and the stage management is simple and effective.

Mr. Coburn has made a great point of the clearness of diction, believing that to appreciate Shakespeare no word can be lost. He insists on this both from the player who has but one line to the most important member of the company. As a result, the performances are exceptionally interesting and enjoyable. The subtleties and fine points of the plays, so often slighted, are brought out to their full value in expressing the ideas of the author. The most striking evidences of the success of this principle is the size of the audiences who greet the Coburn Players wherever they appear, and the fact that nearly every university and college in the country has invited this company to give performances under their auspices.

In keeping with the careful adherence to the text of the plays, is the attention to detail in providing the proper costumes, properties and scenery. Mrs. Coburn makes this her particular province while the company is not playing, and spends much of her time in her library consulting the various authorities on the subject so that there may be no discordant note in the harmony of the setting.

The Coburn Players will appear on the campus of the State Normal school in a series of three performances, June 15th and 16th.

## Weather Freaks.

It is possible that the weather man could put more kinds of climate into a single season than he has done this winter, but he never has achieved that feat. The last few months have included every variety of climatic lunacy known.

No one looks for a reform this winter, but it is devoutly to be hoped that the weather clerk recovers from his prolonged spree before the growing season sets in. Freaks of climate in January or February mean hardship and discomfort; but the same vagaries in May and June would cut down most seriously the world's food supply. If any aspiring scientist has a jag cure that will guarantee normal weather, show him to the front office.—Chicago Journal.

## PLAYS TARKIO TEAM TONIGHT.

The Normal Will Try Hard to Win the Game to Be Played at the Gym.

Tonight Tarkio college will meet the Normals in their annual struggle on the Normal court. The Normals have never beaten Tarkio in basket ball, either on their home court or at Tarkio, but hope to do so tonight.

By a comparison of scores it will be seen that Tarkio has the advantage over the Normals. Tarkio defeated Maryville at Tarkio 38-18, Warrensburg defeated Maryville here 43-24, and Tarkio at Tarkio 46-23, Missouri Wesleyan was defeated at Tarkio 29-17 and was defeated here 23-18, William Jewell was defeated at Tarkio 39-21 and won over Maryville here 37-21, William Jewell defeated Tarkio at Liberty 39-9 and defeated Maryville at Liberty 36-18, Missouri Wesleyan defeated Maryville at Cameron 32-18, and will play Tarkio at Cameron tomorrow night. By this comparison it will be seen that Tarkio is a little ahead of Maryville, but Tarkio is playing on the local court, which ought to just about even things up, and a very close game ought to be the result.

The Normals have been followed by a jinx all year, and have hardly had the same line-up two games in succession, due to sickness or injuries. Tonight Quinn will be out of the game, and it is possible that McReynolds will be out, due to sickness. The Normals have not showed a yellow streak this year, in view of the odds they have played against, and that fighting spirit will be in evidence tonight, as the boys want to wipe out the defeat of Saturday night when they let an inferior team slip one over on them. Benton has the fastest team this year they have ever had, and Saturday night they couldn't miss a basket if they shut their eyes and just tossed the ball.

With the weather as it is now, and as the walks have all been cleared, the largest crowd of the year will undoubtedly turn out to see this game. Hanson of St. Joseph will referee.

## GAMBLE CONCERT WAS GOOD.

Big Crowd Heard Sixth Number of Lecture Course—Company Composed of Artists.

The Gamble Concert Company of Chicago pleased the lecture course, goes Monday night, and there was a big turnout, nearly every seat being taken.

Mr. Ernest Gamble, the splendid basso, had appeared in Maryville before, and those who had heard him were intent on hearing him this time. His singing is great. His numbers were of fine variety, from grand opera to the sweet compositions of Carrie Jacobs-Bond and the last number, an Irish air, that simply took the audience by storm, and he was compelled to give an encore number before the auditors would go. His rendering of "A Perfect Day," by Carrie Jacobs-Bond was exquisite and within the realm of everybody's appreciation. The encore was another sweet song by her, a lullaby. His rendering of Vulcan's Aria from "Philemon and Baucis" was magnificent.

The pianist, Mr. Edwin M. Shonert, a great big German, is quite an artist. His octavo study by Czerny and the concert waltz, "Vienna Bonbons," by Strauss, were the favorites, his light touch, the expressiveness of the trills and octave work being delightful. Miss Verna Page, the violinist, a tiny little lady, gave her numbers well, but since hearing Maud Powell, some of her work could not be as well received, because she attempted some of Maud Powell's pieces and the difference was apparent. She is a lovely performer, however.

## WON BY BIG VOTE

CONSOLIDATION WAS CARRIED IN HUGHES TOWNSHIP.

## VOTE WAS 105 TO 19

Graham, Stark, Lyle, Haylett and Hickory Grove to Have Consolidated High School.

Consolidation carried at the special election held Monday afternoon at the Graham school house of the voters of Graham, Haylett, Stark, Lyle and Hickory Grove school districts by a vote of 105 for to 19 against. This means that these districts will have a consolidated high school at the Graham school building, which will start next fall, and that each district will continue their present graded school.

The meeting was called to order by Clyde C. Trapp, who was elected chairman. James N. Geyer was selected secretary. The judges of the election were A. A. Neuffer, E. R. Haylett and J. H. Robertson, and C. H. Cornutt and R. H. Swank were the tellers. Then the vote was taken with the result as above stated.

The directors selected for the consolidated districts were: E. L. Morgan and S. L. Haylett for three years; C. R. Leeper and Frank Lyle for two years, and C. M. Cox and Michael Kill for one year.

The board of directors will have charge of selecting the teachers for each school and also the high school teachers, and also of buying the necessary equipment for the schools.

The new district is the second richest district in the county. The valuation is \$461,590, and the number of pupils in attendance at these schools now are 240. The new high school will have a good four-year course and will be on the approved list when they meet certain requirements. The new district will receive \$750 from the state each year and will also get \$1,250 a year from the state, county and township. This will mean \$2,000 a year to run the school on without any taxation.

This is the first election on consolidation that carried in this county and will encourage other districts in the county to vote on consolidation. It was a big victory, the vote being over 5 to 1 for.

## Death of a Baby.

The 4-month-old baby of Mr. and Mrs. William Unte, living east of Clyde, died Tuesday morning. Funeral arrangements have not been made.

## Kimmet Funeral Thursday.

The funeral services for George W. Kimmet of Clyde, who died Sunday evening at St. Francis hospital in Maryville, will be held Thursday morning in St. Benedict church at Clyde, conducted by the pastor, Rev. Fr. Freewin. Burial will be in St. Columban cemetery.

## Haynes Named as Circuit Judge.

A vacancy on the circuit court bench of Buchanan county caused by the death of Judge W. D. Rusk last week, was filled Monday by Governor Major, who appointed William H. Haynes. Mr. Haynes was appointed a member of the board of regents of the Maryville Normal by Governor Major, but declined the position.

## Visitors From Kansas.

Mrs. F. A. Yoo and Miss Addie Yoo of Clay Center, Kan., are guests at the home of Mrs. Yoo's son, L. S. Yoo, and family, on East Thompson street. They were former residents of Maryville. Miss Laura Butchard of Kansas City, a sister of Mrs. Yoo, and Earl Porter of Kansas City were week-end guests at the Yoo home.

## B. Elberger is Dead.

B. Elberger, a well known German farmer living east of Clyde, died Sunday evening following a stroke of paralysis on Saturday. Mr. Elberger had been sick for several days with grip. He was 68 years old and is survived by his wife, four sons and four daughters. The funeral services will be held Wednesday morning at the Conception Abbey church.

### POLITICAL NOTES.

(From Democratic Press Bureau.)  
The attempt of a few disgruntled politicians to frame up damaging charges against Senator Gore of Oklahoma has met with disaster so far as public opinion is concerned. The blind senator from Oklahoma is one of the world's great Democrats and his many Missouri admirers lend no credence to the reports by which disappointed politicians have sought to blacken his name. The political frame-up is not popular in Missouri, however it may be regarded in Oklahoma.

Heleb Keller, the famous blind woman, is making speeches for the suffragists. Incidentally she states that she is a socialist. But neither suffrage nor socialism is a remedy for blindness. When Miss Keller gets ready to announce that she is a Democrat we shall no longer believe in her blindness.

An idiot representing the National Popular Government League recently made a speech in St. Louis in which he stated that the farmers of our national constitution were a bunch of grafters. It is time to tie a tin can to some of the so-called reformers who are bellowing around over the country finding no good in anything excepting in themselves. So far as we are concerned the federal constitution is a fairly just and effective piece of organic legislation and we are going to hang on to it for a while.

A Boer war hero in St. Louis found himself through a newspaper ad. Isn't this a tip for some of our late Republican leaders?

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine—Advertisement.

### SCHOLARSHIPS.

U. S. Department of Agriculture Recommends That as the More Valuable Prize.

The department of agriculture at Washington recommends that in place of a trip to Washington the young prize winners of the corn, canning and poultry, and other agricultural clubs be given a year's course in practical training at some agricultural college. In case the young champion's academic training would not enable him to enter the agricultural college of his state, a more elementary course in a school where agriculture is taught or a course in an agricultural high school, are recommended.

The department considers that such courses have considerably more lasting value for prize winners and for the agriculture of their sections than flying trips to the capital. The state and local organizations which have been paying for these trips have been sincerely interested in developing a true appreciation of farming as a business among the boy and girl farmers. Some of these have already considered this question and have decided on the agricultural course as the more desirable prize.

One of the first persons to raise the question as to whether the practical training or the more spectacular trip was preferable, was Willie P. Brown, an Arkansas corn club prize winner. Given his choice of all the prizes offered by the state, including the trip to Washington, he selected a scholarship giving him a year's tuition in an agricultural school. This gave impetus to the idea in Arkansas and now the biggest annual prize offered the corn club boys is a scholarship given by the Bankers' association. The same association gives a similar scholarship to the girl champion of the canning clubs.

Other suggestions regarding prizes have been made from time to time by those who have been most interested in these clubs and understand the needs of the boy and girl farmers. Some of these suggestions are offered herewith for the consideration of others who might care to profit by them.

While a year's course with all expenses paid is the suggestion of the department for the biggest prize for state winners, less extensive courses might be offered to county winners. It has been suggested that such counties as care to give prizes, give one or more short courses in the state agricultural and mechanical colleges to the fortunate county champions. These courses are usually only two weeks long and are held in winter or in summer. The training given is of the most practical sort, and the amount of time spent is no gauge of the amount of benefit to be obtained. These short courses have already been given as prizes by certain counties, and have proved most valuable to the young people.

Large cash prizes are not to be encouraged according to those who have worked with the young contestants. Better suggestions are as follows:

- A pair of registered pigs.
- A pair of full-blooded chickens.
- A fine colt.
- A registered calf.
- An up-to-date corn planter.
- A two-horse wagon.
- A gold watch.
- Books on agriculture.
- A double-barreled shotgun.
- A first class bicycle.
- A ton of good fertilizer.
- A \$5 hat.
- A fireless cooker (for girl winners).

In general it is better to offer many small prizes than a few large ones. If twenty boys try for a prize and only one is fortunate, some of the nineteen unsuccessful contestants will probably be too discouraged to try again. But if five of the boys are rewarded for their efforts, more merit will have received recognition and the remaining fifteen will see more possible opportunities of success the following year.

Some boards of trade and chambers of commerce have also recognized the efforts of the clubs by giving banquets for the young people and entertaining them with street car and automobile rides. On other occasions clubs have been honored by an invitation to march in parades, where they have attracted deserved attention.

From Memphis, Tenn., comes an interesting story which is a sample of what has been done in other states for young prize winners. In the three states (Arkansas, Tennessee and Mississippi), which are annually represented at the Memphis tri-state fair, it was decided to send certain boy prize winners to the fair as a reward for their excellence.

A trip to a fair is a more or less spectacular event as is the Washing-

ton trip, but it gives the young farmers certain concrete agricultural experience, which they do not receive from excursions to the sights of Washington. At the fair in question the young men were housed on the fair grounds in tents, two to four in each tent, all in charge of men employed by the state or government to look after their interests.

The young men had a regular program which kept them busy most of the week of their stay. One day an expert took the young men to view the improved farm implements on display. The boys were shown the machinery, and its uses were explained. Another day a seed expert showed the boys the exhibits of seeds and gave them practical advice on seed selection. The boys were taken in the same manner to view the best cattle and other live stock. They were taught to pass judgment on the good qualities of the animals. They were schooled in the method of judging the best pigs. Informal lectures were given at the camp on these various subjects. The young men took back much valuable knowledge with them beside having a good time.

### A Winter Cough.

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders of Cavendish, Vt., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds or lung trouble." Good for children's coughs. Money back if not satisfied. Price 50c and \$1.00. At all druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

### The Reserve Banks.

To the Star: (a) Please explain about the reserve banks to be established. (b) Will a bank be established or will a bank building, already in use, be occupied? W. M. Plattburg, Mo.

(a) The new banking law provides for the establishment of not less than eight nor more than twelve federal reserve banks in cities where they can most effectively serve the interests of the country. Each one is to serve a separate district and to have a capital of not less than four million dollars, furnished by banks in the district, though if the banks do not subscribe sufficient capital individuals may purchase the stock, and if enough is not obtained from both sources, the government may make up the required amount. State banks may become members. Member banks are required to keep a portion of their cash reserves in the federal banks. The federal banks may discount commercial paper and issue a specially provided form of currency to the member banks. Government money is to be deposited in the federal reserve banks, and government payments are to be made by checks on these banks, just as individuals and corporations now make payments with checks on their banks. The federal reserve banks are not to receive deposits from individuals or corporations other than banks. (b) In every city where a federal reserve bank is established it will be necessary for the new institution to have a bank building or offices provided with vaults, and all the equipment required for a large business.

### FAULTY DIGESTION

Quickly Shatters the Nervous System—Immediate Action Necessary—Use MI-O-NA.

When you feel irritable, tired and despondent; when you have nervous twitches, specks before the eyes, headaches, sour stomach, heartburn, bad taste in the mouth, and pains in the colon and bowels—you are suffering from dyspepsia, which invariably wrecks the nervous system—you need MI-O-NA at once.

MI-O-NA goes to the seat of your trouble and quickly ends stomach misery. It surely and safely builds up and strengthens the stomach walls and glands, quickly improves the digestive system—the vital force and nerve energy are restored, then you enjoy perfect health.

Do not suffer another day. Get a fifty cent box of MI-O-NA Tablets from the Orear-Henry Drug Co. This treatment will help you get well, and immediate relief is sure.

M. M. M. Club Meeting.  
The M. M. M. club held an open session Friday evening at the home of Mr. and Mrs. M. D. Kemp, in a combination celebration of St. Valentine's day and Washington's birthday. Hatchets and valentines were prettily used for decoration and the two-course luncheon was delicious. Charades, crokinole and various other games were played.

Conservatory Recital Tonight.  
The program at Recital hall Tuesday night will consist of piano numbers, one duet, and one vocal number. Truman Landon will play "The Grasshopper," by Swift; Justine Fraser, "In the Fields," Odette Wilderman and Miss Porter will play a number by Diabelli; Mary Woodbridge, "Dialogues," by Meyer-Helmund; Wilma Mills, 3 Etude, by McDowell; Hazel Everhart, "Polonaise," by Chopin; a study from McDowell by Miss Martha Koch; vocal, "My Heart is Light," by Sans Souci, Miss Lucy Geo.

### Spizzierikontum Club.

The Spizzierikontum club met in their regular weekly meeting at the home of Miss Mary Coulter. As it was getting close to George Washington's birthday, the hostess decided she would have a patriotic meeting as well. The girls were requested to come dressed in the old colonial styles of short calico dresses and with the hair braided and hanging down their backs.

The boys were to come dressed in knee length trousers, short coats and slippers. After the regular order of business had been attended to the members responded to roll call with some saying or short account of some of Washington's career. After this Mr. Alec Jensen gave a short biography of Washington's life. The rooms were decorated in American flags, and hidden through the rooms in obscure places were a number of small paper hatchets, and the members were asked to see which one could find the largest number. The prize, a small pin cushion, was won by Miss Neva Smith. Then there was passed around paper, and each one was asked to write down the first thirteen presidents and the thirteen colonies that comprised the New England states. This prize, a beautiful pennant, was won by Earl Vickery. Then each one was requested to see which one could draw the best off-hand picture representing George Washington chopping down a cherry tree. This prize, a box of candy, was won by Delbert Ambrose.

At a late hour a delightful luncheon was served by the hostess, assisted by her sister, Mrs. Jud Harrison of St. Joseph.

The guests entertained by the club were Mr. and Mrs. T. W. Coulter and daughter and Miss Hilda Keplar of Pattonsburg, Mo.

The members present were Misses Neva Smith, Corda Smith, Mae Jensen, Emma Jensen, Lydia Ambrose, Sylvia Coulter, Mary Coulter, Jennie Dobbins, Messrs. Walter Fetzer, George Swinford, Floyd Ambrose, Earl Vickery, Delbert Ambrose, Harry Whitehurst, Harry Jensen, Alec Jensen, Ed Jensen, Joe Dobbins, Raymond Dobbins and Lehman Hansen.

### GIVEN NEW TRIAL

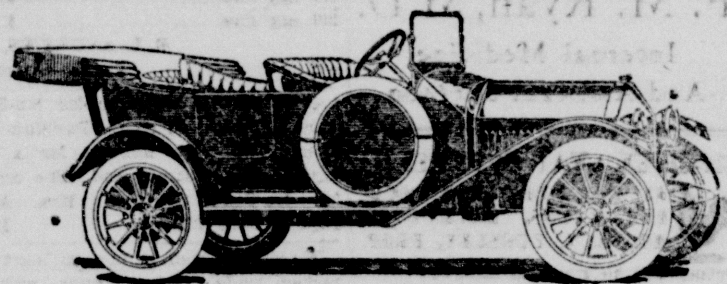

Supreme Court Rules Bloodhound Evidence Is Too Unreliable.

Springfield, Ill., Feb. 23.—Ray Pfanschmidt, convicted in the Adams county circuit court of a quadruple murder, won in the state supreme court when the lower court's finding was reversed on a writ of error. Pfanschmidt will have a new trial.

One of the points which won a new trial for the defendant was the decision by the upper court that the conclusions of bloodhounds were to be unreliable to be accepted as evidence.

The crime for which Ray Pfanschmidt is charged was the killing of Charles Pfanschmidt, his father; Matilda Pfanschmidt, his mother; Blanche, his sister, and Emma Kaempfen, a school teacher boarding at his home.

### REMOVAL OF TARIFF CUTS COST OF LIVING

Redfield Says Beef, Butter, Corn and Wool Now Cheaper.

Wheeling, W. Va., Feb. 24.—Removal of tariff duties has resulted in a tendency clearly and openly in the direction of a reduction in the cost of food and clothing, and climatic conditions, not business depression, are responsible for the number of unemployed in industrial centers; marked improvement in conditions in the industrial and commercial regions of the country has come, reviving courage and destroying alarm.

This was the message delivered to the nation by William C. Redfield, the administration's spokesman on commercial and industrial problems, before the Wheeling board of trade. Every statement the speaker made was fortified by official statistics.

Mr. Redfield defended the tariff act, lauded the currency law and with decided emphasis assured his audience that the government intends to help and not hinder legitimate business.

"The tendency is clearly and openly in the direction of a reduction in the cost of food and clothing through the removal of the tariff tax," he said. "It may be well to point out, however, that the costly processes of distribution lay a tremendous tax upon our consumers, and that in my judgment the single and little discussed factor of cartage alone lays a heavier burden upon our people than the total amount paid for railway freights. Many things are bought in the whole sale trade already more cheaply than they were a year ago, particularly woolens, beef, corn and butter."

### TRAINS FORCED TO STOP

Winds of Hurricane Force Rock Coaches on "Katy" Road.

Denison, Tex., Feb. 24.—Missouri, Kansas and Texas ("Katy") railway trains were compelled to stop between St. Louis and Parsons, Kan., because of high winds. The hurricane-like winds rocked the coaches with such force that the lives of their occupants were endangered. Windows in the train were blown out and passengers suffered from the cold.

### Traffic Badly Tied Up.

Chicago, Feb. 24.—Colder temperature brought more suffering in the wake of the severe wind and snow-storm that paralyzed traffic in the middle west Sunday. All trains, except those from the north, were reported from three hours to more than a day late.

VILLA TELLS OF  
BENTON KILLING

Says Victim Confessed Guilt and  
Did Not Ask for Mercy.

## NOT PERSONAL EXECUTIONER

Rebel Chieftain Says He Did Not Want  
to Slay Benton With Own Hands,  
as It Would Seem Bloodthirsty—Ig-  
nores Request for Body.

Chihuahua, Feb. 24.—The story of the killing of W. S. Benton told to reporters here by General Villa differs but little from the official statement given out at Juarez, which declared that when Benton reached for his hip pocket General Villa knocked him down with a blow of the fist. General Villa said that when Benton made this move he poked his own pistol into Benton's stomach and then turned him over to the guards.

General Villa insisted that Benton came to take his life and referred to Benton's mission concerning the welfare of his ranch as a "pretext to gain admittance."

According to General Villa, Benton, after the verdict of the court-martial, confessed his guilt and declined to ask for mercy. He merely requested that his property be turned over to his widow.

## Contradicts Official Report.

General Villa contradicted his official report to the American consul at Juarez that Gustav Bauch, a German-American, accused of being a spy, had been brought to Chihuahua. General Villa said he knew nothing of him. Of Benton's death he said: "Benton gained entrance to my office in Juarez on the pretext that he wanted to see me on some personal business connected with his ranch, Los Remedios, near the city of Chihuahua. As soon as he entered he began to address me in abusive language. I had some experience with him before and knew his temper. I know also that he had mixed too freely in Mexican politics, but I did not suspect that he was coming into my office to murder. He had not talked long when he reached for his hip pocket. I grabbed his hand and at the same time thrust my revolver into the pit of his stomach to stop him. I did not wish to appear blood-thirsty and therefore did not shoot him myself. My guards seized him, took his pistol away from him and placed him under arrest. It was decided to try him by court-martial and this was done in the regular manner prescribed by law. That is all there is to it. We could have treated any other offender in the same way whether he was American, Spanish, German or Japanese."

## Why He Was Executed.

"Benton was not only guilty of attempting murder, but of other offenses, for we have proof of his enmity to our cause and of the aid he rendered our enemies. He was, however, executed for attempting to take my life. I have nothing to conceal about it. I know the incident has aroused comment in the United States and Europe and that is why I am making this statement. A man who acted as Benton did would have received the same treatment in any country. I want to emphasize the fact that I did not kill Benton myself; I would not have so soiled my hands with the execution after the court had found him guilty. After the verdict Benton confessed. He did not appeal for mercy, but asked that his property be secured to his wife. We promised that this would be done. Statements have been made that we have executed other foreigners, but these are untrue. Benton is the only one."

## Eyes on Washington.

El Paso, Tex., Feb. 24.—Interest in the execution of William S. Benton by General Villa continues with little abatement, but all eyes were on developments at Washington.

Consul Edwards at Juarez said that the state department's request—that a request and not a demand—that Benton's body be turned over to the widow had met with no response from General Villa, who is at Chihuahua.

Benton's friends assert that while Washington may for diplomatic reasons accept the official version of a court-martial, which the rebels allege tried Benton and found him guilty of attempting General Villa's life, there is still no disposition among them to change their own verdict of murder. There is said to be evidence that an American witnessed the shooting.

## Developments at Washington.

Washington, Feb. 24.—Regardless of whether or not the execution of William S. Benton, a British subject, by General Villa was justified, developments emphasized clearly that protection of foreigners in rebel-territory Mexico had become a commanding problem of increased international importance, appreciated no less by President Wilson than by leaders in congress. Pending resolutions looking to better protection for foreigners soon will be taken up by the senate.

The discussion in the British parliament of the Benton incident was read with much interest by officials, who observed particularly that the United States was not held responsible by Sir Edward Grey for the death of Benton.

## MULE SALE.

Thirty-six head of mules will be sold at the W. G. Wilson farm, 8 1/2 miles northwest of Bolckow, on Wednesday, February 25. Sale to commence at 1 p. m. Two 5-year-old mules, 22 head of coming 3 and 4-year-olds, 6 2-year-olds, 8 coming 1-year-olds. Mostly mares will be sold.

Mr. and Mrs. J. A. Loranx went to Nevada, Mo., Tuesday morning on a business trip.

SULZER SEEKS  
TO REGAIN JOB

Institutes Legal Proceedings to  
Get Back Governorship.

Albany, N. Y., Feb. 24.—Legal proceedings were instituted before Judge Chester of the supreme court by William Sulzer to regain the governorship, from which he was removed last October.

An order was issued by the court commanding Comptroller Schomer to appear and show cause why a writ of mandamus compelling him to pay the former governor his full salary as the occupant of that office should not be issued. Mr. Sulzer previously had made a written demand on Mr. Schomer for his salary.

When Attorney General Carmody notified Justice Chester that he would oppose the granting of the writ the court said he intended to refuse it as a question of law, holding that the court of impeachment already had passed on the contentions of Mr. Sulzer.

An agreement then was made between the attorney general and Colonel Alexander S. Bacon, counsel for Mr. Sulzer, to facilitate the determination of the questions involved by the state courts. The appellate division will be asked to affirm Justice Chester's proposed order denying the granting of the writ, and then the case will be carried to the court of appeals, where a similar request will be made. Thus Mr. Sulzer will be able to file his case in the supreme court of the United States with little delay. It is believed. Doubt is expressed, however, if a final decision can be obtained from the supreme court before the term of Governor Glynn, successor to Mr. Sulzer, shall have expired on Dec. 31, 1914.

## STOWAWAYS WASHED OUT

Had Secreted Themselves in Lifeboat  
on Steamer La Lorraine.

New York, Feb. 24.—When La Lorraine of the French line, after a rough voyage from Havre, docked, the story of two stowaways, who were literally washed out of a lifeboat, was told by the ship's officers.

The two had secreted themselves in a lifeboat shortly before the ship left Havre, on Feb. 14. On the 17th, during a heavy gale, La Lorraine shipped a sea over the starboard bow and the water flooded the lifeboat and sent the stowaways struggling out from under the canvas covering. The men described themselves as Damon Ives, a Spaniard, and Jean Fairne, a Frenchman. They will be returned to France by the same steamer. Canned meats and other supplies were found in the lifeboat.

## Sends Bullet into Heart.

Boone, Ia., Feb. 24.—"Well, goodbye, George," were the last words of Clarence Corday, a well known young man of this city, as he placed a revolver against his heart and fired. The words were spoken to his brother, with whom he had been spending the evening playing cards. A love affair is said to have prompted the deed.

## Federal Troop Train Is Blown Up.

Vera Cruz, Mex., Feb. 24.—A government troop train, carrying a company of infantry from Mexico City, destined for Jalapa, was blown up by rebels. The explosion was terrific and the entire train was demolished. All on board, including fifty-five officers and men and the English engineer, were killed.

## Three Children Drowned.

Parkersburg, W. Va., Feb. 24.—Three children, all under sixteen years old, were drowned when a boat containing nine persons upset and sank in West Fork river in Roane county. The others were rescued with difficulty and all are suffering seriously.

## Adler Heads Jewish Historical Society

Philadelphia, Feb. 24.—Dr. Cyrus Adler of Philadelphia was elected president of the American Jewish Historical society at the final session of the twenty-second annual meeting of the organization here.

## FOUNDER OF "GO TO CHURCH"

Rev. Edward Thompson of St. Louis Claims Credit.

Chicago, Feb. 24.—The father of the go-to-church Sunday movement has been discovered. The claim to the title is made by Rev. Edward Thompson of St. Louis, who spoke in the Fowler Methodist Episcopal church.

"I started the go-to-church Sunday movement in Cincinnati. It did not meet with the universal response the later movements have met, but it enlisted a large number of churches and was a success. I had never heard of the idea being advocated by any one before that time. The religious census of 1912, showing the small attendance at church, led to the idea."

## MRS. EDGAR FLEES HER HOME

Zinc King's Wife Refuses to Return to St. Louis, Spouse Says.

St. Louis, Feb. 23.—Mrs. Selwyn C. Edgar, the third wife of the president of the Edgar Zinc company, is living separated from her husband.

Mrs. Edgar went to Chicago to visit her brother, Alfred Henley Shotwell, Feb. 6, and since then has refused to return to the Edgar home, at 4375 Lindell boulevard, according to a statement made by Mr. Edgar.

Urgent letters and telegrams begging her to return to him and citing his loneliness and need of her company have been ignored, the husband says.

## Frosted Windows in Saloons Barred.

St. Louis, Feb. 24.—Frosted window panes and drawn shades are barred from saloons in St. Louis county, according to an order of the county excise board. The commissioners desire that the windows be kept clear so that investigators can see without entering whether the excise is being violated.

PLAN TO HONOR  
TELLER'S MEMORY

Movement Started to Have His  
Bust Placed in Hall of Fame.

## FORMERLY A CABINET OFFICER

Was Secretary of Interior and Served  
Thirty Years in Senate, Having Been  
Elected the Year Colorado Was Ad-  
mitted to the Union.

Denver, Feb. 24.—Highest state honors will be paid the memory of former United States Senator Henry Moore Teller, whose death marked the passing of the last of the earlier day statesmen of Colorado. At the request of Governor E. M. Ammons, members of the former senator's family have expressed a willingness for the body to lie in state in the state capitol tomorrow. Members of the Masonic order, of which Senator Teller was a thirty-third degree member, will conduct the public funeral services.

Governor Ammons started a movement to have the Colorado statesman represented in the Hall of Fame at Washington by a bust of Senator Teller.

In 1876, with the admission of Colorado as a state, Senator Teller was chosen to represent it in the United States senate, and there he acted in that capacity for thirty years, first as a Republican and later as a Democrat. In 1883 Teller left the senate to accept President Arthur's cabinet as secretary of the interior, but he left that office again in 1885 to re-enter the senate.

## WILSON CROSSES POTOMAC

President Makes Trip in Yacht to Re-  
view Washington Day Parade.

Washington, Feb. 24.—President Wilson crossed the ice-jammed Potomacs in the naval yacht Sylph and from a glass-enclosed stand reviewed a civic and military parade in Alexandria, Va., which marched through a frigid snowstorm in honor of the first president of the United States.

With the exception of brief exercises in the senate the national capital turned to Alexandria, in the environments where George Washington had lived, for its official celebration of the birthday.

Vice President Marshall laid a wreath on the tomb of Washington at Mount Vernon and, returning to Alexandria, joined the president, members of the cabinet and Governor Stuart of Virginia in watching the parade.

## MILITIAMEN ATTACK FLAG

Staff of Stars and Stripes Broken by  
Michigan Guardsman.

Hancock, Mich., Feb. 24.—Interference with strikers' parades and brutal treatment of some of the participants were the principal charges made against the Michigan national guardsmen by the dozen witnesses introduced before the congressional investigating committee by the Western Federation of Miners.

Witnesses told of parades at Calumet and Mohawk, which they said had been stopped by the soldiers. Frank King said that during the Calumet parade a guardsman had broken the staff of the American flag with a saber and another had punched the flag with his bayonet. Victor Lievathas said he was attacked at Mohawk while carrying the Stars and Stripes.

## Wolsey Faces Trial.

New York, Feb. 24.—Alonzo M. Wolsey, teller in the Plaza branch of the Union Trust company, who, with Joseph T. White, a bookkeeper, is charged with peculations estimated at \$60,000, was arraigned in court. Counsel for Wolsey declared much of the money taken from the bank had been lost on horse races. Upon one occasion, he said, White lost \$7,000 on a single race.

## Captain Danks Makes Admission.

Trinidad, Colo., Feb. 24.—Admission by Captain W. H. Danks that the Colorado national guards in the coal strike zone had arrested and detained men as military prisoners, removed the question of all unconstitutional imprisonment from the realm of fact to that of judicial interpretation. The house investigating committee barred further testimony on that subject.

Eight Women in Race for Aldermen.  
Chicago, Feb. 24.—The names of eight women candidates for aldermanic nominations appear on the ballots being voted at today's primary election, the first chance women have had to express themselves at the polls since the legislature granted the right of suffrage.

## British Consul Goes to El Paso.

Washington, Feb. 24.—The British embassy announced that Charles Alexander Spencer Perceval, British consul at Galveston, Tex., had been ordered to El Paso to confer there with British subjects concerning the execution of William S. Benton.

## Waterbury Retains Racquet Title.

Boston, Feb. 24.—Lawrence Waterbury of New York was compelled to play five hard sets against C. G. Osborne of Chicago to retain his title to the national racquet championship in singles.

## THE CITY ELECTION

A LITTLE OVER A MONTH AWAY AND NO CANDIDATES ANNOUNCED

## WHO WILL BE MAYOR?

Several Names Suggested But Not One Out for It—A Great Deal of Interest Promised.

The city election is a little over a month off, and while there are several being mentioned for mayor and for the other city offices, still no one has announced their candidacy. The election day is Tuesday, April 7.

For mayor, the names of E. F. Wolfert, Gus Romasser, John G. Grems and Will F. Phares are being suggested. Probably none of them are candidates, but there is talk of drafting one of them for the place. Others are talking about the election, and it is probable that a great deal of interest will be taken in the election.

The chances are that there will be a non-partisan convention a few days before the election, when the ticket will be nominated. There is some talk of putting up a Republican and a Democratic ticket, but it has merely been talk so far, and probably nothing will be done along this line.

The position of mayor pays very well. His salary is \$500 a year, and as police judge he gets fees, making the salary about \$800 to \$1,000 a year.

There is also an alderman for each ward to be selected and a city collector and chief of police.

## THEIR RELATION TO SCHOOLS.

Good Roads Mean Good Rural Schools, the Average Attendance Greater, Efficiency Largely Increased.

The rural population is more willing to support better schools today than at any previous time. It is being realized that all educational activities or agencies must be more than all else, that they must be made accessible to the children. In many counties where bad roads prevail most of the schools are of the antiquated one-room variety. They are usually located along bad roads which, during the winter, when the schools are usually in session, become so nearly impassable as to make it difficult for the children to reach them. This condition causes irregular attendance and restricts the educational opportunities of the child. Not only this, but it often impedes the economic consolidation of these smaller schools into larger, stronger graded schools, with high school courses, directed by a competent principal and corps of teachers, according to the office of public roads, U. S. department of agriculture at Washington.

On the other hand, in counties which have improved their roads, the schools are easily reached, the average attendance greater, the efficiency largely increased and economic consolidation made possible. Regular attendance at school means consistent and regular growth of both school and pupil, and consolidation of schools means a maximum of efficiency at a minimum of cost. It is also noteworthy that there is a marked tendency for the consolidated school to become the social and intellectual center of the community. Most modern rural schoolhouses are so constructed as to serve the community as gathering places for various kinds of public meetings, and where vans are used to convey the children to school during the day they are frequently pressed into service to haul the farmers and their wives to institute work, lectures or entertainments at the school house. The consolidated school becomes a sort of community center to which all educational and social activities converge, and in order that it may properly perform that function, all of the highways leading to it should be so improved as to render it readily accessible throughout the year.

## NEW FEATURE FOR EMPIRE.

"The Adventures of Kathlyn" Started Monday Night—Is in Five Parts.

Albert Kuchs, manager of the Empire theater, has arranged for something new in the way of moving pictures for his Monday night audiences. The first to appear was last night, when the first installment of "The Adventures of Kathlyn" was presented to a crowded house. This is a picture story in five parts and will be continued on Monday, March 9; Monday, March 26; Monday, April 16, and Monday, April 29. On Monday, March 16, the Empire will have a picture, "Moths," a Tanhouser production in four parts, after Ouida's novel. On Monday, March 30, there will be at that theater "Joseph in the Land of Egypt," a drama in four parts, following closely the Bible version of Joseph's life. On Monday, April 13, "Robin Hood," a beautiful production of the well known and popular opera in four parts, will be shown.

The story of the first installment of "The Adventures of Kathlyn," which was given Monday night, follows:

Kathlyn Hare, daughter of Col. Hare, a collector of wild animals, is modeling a pet leopard in her alfresco studio, when her younger sister, Winnie, comes in with a collar dog, which excites the leopard into such ferocity that the sister has to seek safety in a cage. The leopard is quieted by Kathlyn and her father, and Winnie is released. The father then tells his daughters how he captured the leopard, and in a dissolve we see him arriving in the nick of time to save the King of India, a mythical principality in India, whose councilors had deserted him, from destruction by the infuriated beast. For his act of bravery the king gives the colonel a decoration, which he proudly displays to the girls.

Six months later, just before the colonel starts for Allah, he gives Kathlyn a large packet, upon which is written: "To be opened by my daughter, Kathlyn, at midnight, December 31st." Some time afterward as Kathlyn is showing the mysterious packet to her sister, a noise, coming from the outside, attracts their attention, and Kathlyn drops the packet as she and her sister run outside. During their absence, a Hindu, who has been lurking outside, watching the girls, steals inside, abstracts the colonel's message from the packet, but does not touch the sealed envelope, writes a note of his own, carefully seals the envelope and vanishes.

As the old padre is ringing the church bells at midnight, on December 31, Kathlyn and her sister open the packet and find what they suppose to be the note from their father, which tells them that if he has not returned before the New Year, he is held captive by the people of Allah, and the only way he could be saved would be by getting possession of the sealed envelope herewith. Being a woman of quick action, she takes the only way out of town that night, which is by means of a fast freight. Climbing into the caboose, she perceives one of her father's lions, boxed for shipment. The animal escapes from the cage and in the mixup the cover of the tool chest is accidentally opened, uncovering the Hindu. He is unknown to Kathlyn, who had forged the note found in the packet. He pays his fare and is accepted as a passenger. She gets to the steamer in time and in due course arrives in India, where she goes to her father's palace by way of an elephant's back. She has no sooner reached his residence when the Hindu, who has been secretly following, comes to her and tells her that her father is dead, when in reality he is held a prisoner by the people of Allah.

Kathlyn falls into a faint, and when she regains consciousness she is told by Umbella, the Hindu, that inasmuch as the king is dead, she must become queen. In proof of his words, he opens the packet, shows her the contents of same (translating a language she cannot read), shows her the note of her father which emphatically states—to destroy the sealed packet, conferring the hereditary right to him and his successors to the throne of Allah. A lone, defenceless woman in a strange land, she is more alarmed than ever, as she realizes that she is thoroughly in the power of fanatical people, and has already done exactly what her father commanded her not to do. She is informed that she must take possession of the throne at once, and protesting, she is dragged to the palace, placed upon the throne and held as captive against the day of the coronation. Amid great pomp, she is unwillingly crowned by the high priest. The council then lead Umbella forward and the populace is informed that he is chosen as the husband of the queen.

## Bound Over to April Term.

Dan Taylor of Graham, charged with carnal knowledge, was arraigned before Justice of the Peace McDougal on Tuesday morning and waived the hearing. Bond was fixed at \$1,000, which was given with W. H. Crawford as surety. The young man will be tried at the April term of circuit court.

## Marion Kinsella Ill.

Marion Kinsella was taken with apoplexy a few days ago and is in quite a serious condition.

## SIXTEEN BAPTIZED

AT BAPTIST CHURCH REVIVAL MEETING MONDAY EVENING.

## FORTY CONVERSIONS

The Deep Snow Did Not Affect the Attendance as There Was a Good Crowd at Services.

Although the deep snow was sufficient excuse for remaining at home by a comfortable hearth, there was a good crowd in attendance at the revival service at the First Baptist church Monday night.

The class in personal work that is being instructed by Rev. Henry, the inspiring leader of the music for the meeting, met in the prayer meeting room at 6:30 o'clock. Those who could not be present Monday evening, when the first lesson was given, may come Tuesday evening, but after this time students will not be added to the class, as to do so would hinder the advancement of the class. Remember the time, 6:30 sharp.

The baptismal service began Monday night promptly at 7:30, and there were sixteen of the thirty-five who are approved for baptism ready for that ordinance. Fourteen men and two young women were led into the water and baptized by the pastor, Rev. L. M. Hale.

At the close of this beautiful service Dr. Hale preached a strong sermon from the text "Never man spake as this man." At its close fifteen responded to the invitation of the minister. Five men professed conversion and were received for membership, making a total of forty at the present time. Twelve others in the congregation asked for prayer.

## Stricken With Paralysis.

Mrs. George Ingerson of this city was stricken with paralysis Saturday evening and has not regained consciousness since. Mrs. Ingerson had a stroke about a year ago, the right side being affected. Her left side was affected this time.

## Mrs. Holker's Funeral.

Funeral services for Mrs. Margaret Matilda Holker of Hopkins, who died Saturday morning, will be held Thursday morning at St. Patrick's church of this city. Burial in St. Patrick's cemetery.

## Should Drag the Snow Off.

County Highway Engineer John Clary would like to have everyone drag the snow off of the roads wherever it is possible. If it is done it will greatly help the road when the snow commences to melt.

Mr. and Mrs. Homer Rickard of Hamilton, who have been in the city a few days, went to St. Joseph Tuesday morning.

Mrs. May Clark Denny went to St. Joseph Tuesday morning for a few days' stay in the wholesale millinery houses. She will be employed by Mrs. S. F. McCrary.

## TO MEET AT PARNELL.

Rural Carriers' Convention to Be in That Town on September 1—Muntz a Delegate.

The Rural Letter Carriers' association of the Fourth congressional district of Missouri, in its semi-annual convention Monday at St. Joseph, decided to hold its next meeting in Parnell, on September 1. It was also decided to hold a special meeting on May 30, Memorial day, in Savannah.

J. S. Muntz of Maryville and J. T. Logan of Parnell were two of the delegates selected by the convention to attend the state convention.

The need of better organization for the rural carriers was the keynote of the meeting. Several talks were made along this line and plans were discussed for increasing the membership. The meeting was adjourned Monday afternoon by S. S. Browie, Hopkins, the president.

## NEW PIANO STORE.

Mr. Landon is Turning Conservatory Hall Into a Center for Musical Instruments.

Mr. Landon of the Conservatory is making Recital hall doubly attractive by putting in some handsome musical instruments and will conduct a regular piano store.

Miss Grace Sturm will assist in demonstrating the music for the dance free of charge and dancing was had from 9 until 1 o'clock. Everybody had an enjoyable time. Hot lunch was served at 11 o'clock. There were sixty couples in attendance at the dance. The committee in charge was F. R. Marcell, L. G. Schumacher and H. L. Raines.

With this money the charity board will now be able to attend to several deserving cases for help. There is nothing in the way of stated revenue for the use of the board, and their work depends on those who have plenty to give to the cause of the poor. The board is doing a good work.

## THE CHARITY BALL

AT ELKS CLUB PROVES A BIG SUCCESS IN ALL WAYS.

## \$123 IS FOR CHARITY

The Charity Board Now in a Position to Help Many Worthy People.

The grand charity ball given by the Elks club at their club house Monday night was a big success, and as a result \$123 has been turned over to the charity board to be used in the many cases for calls for help that come every few days during the winter months. The charity board has been out of funds for some time, and an appeal was made by the board upon the people for help. The Elks club decided at once on giving a ball, all of the proceeds to go to the board of charities, and the first one given Monday night was such a success that the Elks have determined on making it an annual affair.

Prof. T. B. Maulding's orchestra furnished the music for the dance free of charge and dancing was had from 9 until 1 o'clock. Everybody had an enjoyable time. Hot lunch was served at 11 o'clock. There were sixty couples in attendance at the dance. The committee in charge was F. R. Marcell, L. G. Schumacher and H. L. Raines.

With this money the charity board will now be able to attend to several deserving cases for help. There is nothing in the way of stated revenue for the use of the board, and their work depends on those who have plenty to give to the cause of the poor. The board is doing a good work.

## CLEAR SKIES AND WARMER.

That is the Forecast for Maryville After Winter's Heaviest Snow Storm.

The weather prediction today is for fair and rising temperature after the big snow storm of Sunday night. The telephone wires out of town are still down with the exception of the toll lines to Hopkins and Creston. The lines to St. Joseph, it is thought, will be ready for use on Wednesday. The Hanamo Telephone company had a gang of men working both Monday and today on their lines out of town.

The trains were a little late today. Wabash passenger No. 1, due at 6 o'clock, arrived at 10:52 a. m., nearly five hours late. The other trains were a little late.

## The Coburn Players.

One of the noteworthy features of the performances of the Coburn Players is the quality of acting by the members of the company. There are no stars, but even the most unimportant part has been most carefully studied and the stage management is simple and effective.

Mr. Coburn has made a great point of the clearness of diction, believing that to appreciate Shakespeare no word can be lost. He insists on this both from the player who has but one line to the most important member of the company. As a result, the performances are exceptionally interesting and enjoyable. The subtleties and fine points of the plays, so often slighted, are brought out to their full value in expressing the ideas of the author. The most striking evidences of the success of this principle is the size of the audiences who greet the Coburn Players wherever they appear, and the fact that nearly every university and college in the country has invited this company to give performances under their auspices.

In keeping with the careful adherence to the text of the plays, is the attention to detail in providing the proper costumes, properties and scenery. Mrs. Coburn makes this her particular province while the company is not playing, and spends much of her time in her library consulting the various authorities on the subject so that there may be no discordant note in the harmony of the setting.

The Coburn Players will appear on the campus of the State Normal school in a series of three performances, June 15th and 16th.

## Weather Freaks.

It is possible that the weather man could put more kinds of climate into a single season than he has done this winter, but he never has achieved that feat. The last few months have included every variety of climatic lunacy known.

No one looks for a reform this winter, but it is devoutly to be hoped that the weather clerk recovers from his prolonged spree before the growing season sets in. Freaks of climate in January or February mean hardship and discomfort; but the same vagaries in May and June would cut down most seriously the world's food supply. If any aspiring scientist has a jag cure that will guarantee normal weather, show him to the front office.—Chicago Journal.

## PLAYS TARKIO TEAM TONIGHT.

The Normal Will Try Hard to Win the Game to Be Played at the Gym.

Tonight Tarkio college will meet the Normals in their annual struggle on the Normal court. The Normals have never beaten Tarkio in basket ball, either on their home court or at Tarkio, but hope to do so tonight.

By a comparison of scores it will be seen that Tarkio has the advantage over the Normals. Tarkio defeated Maryville at Tarkio 38-18, Warrensburg defeated Maryville here 43-24, and Tarkio at Tarkio 46-23, Missouri Wesleyan was defeated at Tarkio 29-17 and was defeated here 23-18, William Jewell was defeated at Tarkio 39-21 and won over Maryville here 37-21, William Jewell defeated Tarkio at Liberty 39-9 and defeated Maryville at Liberty 36-18, Missouri Wesleyan defeated Maryville at Cameron 32-18, and will play Tarkio at Cameron tomorrow night. By this comparison it will be seen that Tarkio is a little ahead of Maryville, but Tarkio is playing on the local court, which ought to just about even things up, and a very close game ought to be the result.

The Normals have been followed by a jinx all year, and have hardly had the same line-up two games in succession, due to sickness or injuries. Tonight Quinn will be out of the game, and it is possible that McReynolds will be out, due to sickness. The Normals have not showed a yellow streak this year, in view of the odds they have played against, and that fighting spirit will be in evidence tonight, as the boys want to wipe out the defeat of Saturday night when they let an inferior team slip one over on them. Benton has the fastest team this year they have ever had, and Saturday night they couldn't miss a basket if they shut their eyes and just tossed the ball.

With the weather as it is now, and as the walks have all been cleared, the largest crowd of the year will undoubtedly turn out to see this game. Hanson of St. Joseph will referee.

## GAMBLE CONCERT WAS GOOD.

Big Crowd Heard Sixth Number of Lecture Course—Company Composed of Artists.

The Gamble Concert Company of Chicago pleased the lecture course goes Monday night, and there was a big turnout, nearly every seat being taken.

Mr. Ernest Gamble, the splendid basso, had appeared in Maryville before, and those who had heard him were intent on hearing him this time. His singing is great. His numbers were of fine variety, from grand opera to the sweet compositions of Carrie Jacobs-Bond and the last number, an Irish air, that simply took the audience by storm, and he was compelled to give an encore number before the auditors would go. His rendering of "A Perfect Day," by Carrie Jacobs-Bond was exquisite and within the realm of everybody's appreciation. The encore was another sweet song by her, a lullaby. His rendering of Vulcan's Aria from "Philemon and Baucis" was magnificent.

The pianist, Mr. Edwin M. Shonert, a great big German, is quite an artist. His octavo study by Czerny and the concert waltz, "Vienna Bonbons," by Strauss, were the favorites, his light touch, the expressiveness of the trills and octave work being delightful. Miss Verna Page, the violinist, a tiny little lady, gave her numbers well, but since hearing Maud Powell, some of her work could not be as well received, because she attempted some of Maud Powell's pieces and the difference was apparent. She is a lovely performer, however.

## WON BY BIG VOTE

CONSOLIDATION WAS CARRIED IN HUGHES TOWNSHIP.

## VOTE WAS 105 TO 19

Graham, Stark, Lyle, Haylett and Hickory Grove to Have Consolidated High School.

Consolidation carried at the special election held Monday afternoon at the Graham school house of the voters of Graham, Haylett, Stark, Lyle and Hickory Grove school districts by a vote of 105 for to 19 against. This means that these districts will have a consolidated high school at the Graham school building, which will start next fall, and that each district will continue their present graded school.

The meeting was called to order by Clyde C. Trapp, who was elected chairman. James N. Geyer was selected secretary. The judges of the election were A. A. Neuffer, E. R. Haylett and J. H. Robertson, and C. H. Cunniff and R. H. Swank were the tellers. Then the vote was taken with the result as above stated.

The directors selected for the consolidated districts were:

E. L. Morgan and S. L. Haylett for three years; C. R. Leeper and Frank Lyle for two years, and C. M. Cox and Michael Kill for one year.

The board of directors will have charge of selecting the teachers for each school and also the high school teachers, and also of buying the necessary equipment for the schools.

The new district is the second richest district in the county. The valuation is \$461,590, and the number of pupils in attendance at these schools now are 240. The new high school will have a good four-year course and will be on the approved list when they meet certain requirements. The new district will receive \$750 from the state each year and will also get \$1,250 a year from the state, county and township. This will mean \$2,000 a year to run the school on without any taxation.

This is the first election on consolidation that carried in this county and will encourage other districts in the county to vote on consolidation. It was a big victory, the vote being 105 to 19.

## Death of a Baby.

The 4-months-old baby of Mr. and Mrs. William Unteak, living east of Clyde, died Tuesday morning. Funeral arrangements have not been made.

## Kimmet Funeral Thursday.

The funeral services for George W. Kimmet of Clyde, who died Sunday evening at St. Francis hospital in Maryville, will be held Thursday morning in St. Benedict church at Clyde, conducted by the pastor, Rev. Fr. Frovin. Burial will be in St. Columbus cemetery.

Haynes Named as Circuit Judge. A vacancy on the circuit court bench of Buchanan county caused by the death of Judge W. D. Rusk last week, was filled Monday by Governor Major, who appointed William H. Haynes. Mr. Haynes was appointed a member of the board of regents of the Maryville Normal by Governor Major, but declined the position.

## Visitors From Kansas.

Mrs. F. A. Yeo and Miss Addie Yeo of Clay Center, Kan., are guests at the home of Mrs. Yeo's son, L. S. Yeo, and family, on East Thompson street. They were former residents of Maryville. Miss Laura Butchard of Kansas City, a sister of Mrs. Yeo, and Earl Porter of Kansas City were week-end guests at the Yeo home.

## B. Elberger is Dead.

B. Elberger, a well known German farmer living east of Clyde, died Sunday evening following a stroke of paralysis on Saturday. Mr. Elberger had been sick for several days with grip. He was 68 years old and is survived by his wife, four sons and four daughters. The funeral services will be held Wednesday morning at the Conception Abbey church.

### POLITICAL NOTES.

(From Democratic Press Bureau.)

The attempt of a few disgruntled politicians to frame up damaging charges against Senator Gore of Oklahoma has met with disaster so far as public opinion is concerned. The blind senator from Oklahoma is one of the world's great Democrats and his many Missouri admirers lend no credence to the reports by which disappointed politicians have sought to blacken his name. The political frame-up is not popular in Missouri, however it may be regarded in Oklahoma.

Helen Keller, the famous blind woman, is making speeches for the suffragists. Incidentally she states that she is a socialist. But neither suffrage nor socialism is a remedy for blindness. When Miss Keller gets ready to announce that she is a Democrat we shall no longer believe in her blindness.

An idiot representing the National Popular Government League recently made a speech in St. Louis in which he stated that the farmers of our national constitution were a bunch of grafters. It is time to tie a tin can to some of the so-called reformers who are bellowing around over the country finding no good in anything excepting in themselves. So far as we are concerned the federal constitution is a fairly just and effective piece of organic legislation and we are going to hang on to it for a while.

A Boer war hero in St. Louis found himself through a newspaper ad. Isn't this a tip for some of our late Republican leaders?

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine—Advertisement.

### SCHOLARSHIPS.

U. S. Department of Agriculture Recommends That as the More Valuable Prize.

The department of agriculture at Washington recommends that in place of a trip to Washington the young prize winners of the corn, canning and poultry, and other agricultural clubs be given a year's course in practical training at some agricultural college. In case the young champion's academic training would not enable him to enter the agricultural college of his state, a more elementary course in a school where agriculture is taught or a course in an agricultural high school, are recommended.

The department considers that such courses have considerably more lasting value for prize winners and for the agriculture of their sections than flying trips to the capital. The state and local organizations which have been paying for these trips have been sincerely interested in developing a true appreciation of farming as a business among the boy and girl farmers. Some of these have already considered this question and have decided on the agricultural course as the more desirable prize.

One of the first persons to raise the question as to whether the practical training or the more spectacular trip was preferable, was Willie P. Brown, an Arkansas corn club prize winner. Given his choice of all the prizes offered by the state, including the trip to Washington, he selected a scholarship giving him a year's tuition in an agricultural school. This gave impetus to the idea in Arkansas and now the biggest annual prize offered the corn club boys is a scholarship given by the Bankers' association. The same association gives a similar scholarship to the girl champion of the canning clubs.

Other suggestions regarding prizes have been made from time to time by those who have been most interested in these clubs and understand the needs of the boy and girl farmers. Some of these suggestions are offered herewith for the consideration of others who might care to profit by them.

While a year's course with all expenses paid is the suggestion of the department for the biggest prize for state winners, less extensive courses might be offered to county winners. It has been suggested that such counties as care to give prizes, give one or more short courses in the state agricultural and mechanical colleges to the fortunate county champions. These courses are usually only two weeks long and are held in winter or in summer. The training given is of the most practical sort, and the amount of time spent is no gauge of the amount of benefit to be obtained. These short courses have already been given as prizes by certain counties, and have proved most valuable to the young people.

Large cash prizes are not to be encouraged according to those who have worked with the young contestants. Better suggestions are as follows:

- A pair of registered pigs.
- A pair of full-blooded chickens.
- A fine colt.
- A registered calf.
- An up-to-date corn planter.
- A two-horse wagon.
- A gold watch.
- Books on agriculture.
- A double-barreled shotgun.
- A first class bicycle.
- A ton of good fertilizer.
- A \$5 hat.
- A fireless cooker (for girl winners).

In general it is better to offer many small prizes than a few large ones. If twenty boys try for a prize and only one is fortunate, some of the nineteen unsuccessful contestants will probably be too discouraged to try again. But if five of the boys are rewarded for their efforts, more merit will have received recognition and the remaining fifteen will see more possible opportunities of success the following year.

Some boards of trade and chambers of commerce have also recognized the efforts of the clubs by giving banquets for the young people and entertaining them with street car and automobile rides. On other occasions clubs have been honored by an invitation to march in parades, where they have attracted deserved attention.

From Memphis, Tenn., comes an interesting story which is a sample of what has been done in other states for young prize winners. In the three states (Arkansas, Tennessee and Mississippi), which are annually represented at the Memphis tri-state fair, it was decided to send certain boy prize winners to the fair as a reward for their excellence.

A trip to a fair is a more or less regular event as is the Washing-

ton trip, but it gives the young farmers certain concrete agricultural experience, which they do not receive from excursions to the sights of Washington. At the fair in question the young men were housed on the fair grounds in tents, two to four in each tent, all in charge of men employed by the state or government to look after their interests.

The young men had a regular program which kept them busy most of the week of their stay. One day an expert took the young men to view the improved farm implements on display. The boys were shown the machinery, and its uses were explained. Another day a seed expert showed the boys the exhibits of seeds and gave them practical advice on seed selection. The boys were taken in the same manner to view the best cattle and other live stock. They were taught to pass judgment on the good qualities of the animals. They were schooled in the method of judging the best pigs. Informal lectures were given at the camp on these various subjects. The young men took back much valuable knowledge with them beside having a good time.

### A Winter Cough.

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders of Cavendish, Vt., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds or lung trouble." Good for children's coughs. Money back if not satisfied. Price 50c and \$1.00. At all druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.—Advertisement.

### The Reserve Banks.

To the Star: (a) Please explain about the reserve banks to be established. (b) Will a bank be established or will a bank building, already in use, be occupied? W. M. Plattsburg, Mo.

(a) The new banking law provides for the establishment of not less than eight nor more than twelve federal reserve banks in cities where they can most effectively serve the interests of the country. Each one is to serve a separate district and to have a capital of not less than four million dollars, furnished by banks in the district, though if the banks do not subscribe sufficient capital individuals may purchase the stock, and if enough is not obtained from both sources, the government may make up the required amount. State banks are required to keep a portion of their cash reserves in the federal banks. The federal banks may discount commercial paper and issue a specially provided form of currency to the member banks. Government money is to be deposited in the federal reserve banks, and government payments are to be made by checks on these banks. Just as individuals and corporations now make payments with checks on their banks. The federal reserve banks are not to receive deposits from individuals or corporations other than banks. (b) In every city where a federal reserve bank is established it will be necessary for the new institution to have a bank building or offices provided with vaults, and all the equipment required for a large business.

### M. M. M. Club Meeting.

The M. M. M. club held an open session Friday evening at the home of Mr. and Mrs. M. D. Kemp, in a combination celebration of St. Valentine's day and Washington's birthday. Hatchets and valentines were prettily used for decoration and the two-course luncheon was delicious. Charades, crokinole and various other games were played.

### Conservatory Recital Tonight.

The program at Recital hall Tuesday night will consist of piano numbers, one a duet, and one vocal number. Truman Landon will play "The Grasshopper," by Swift; Justine Fraser, "In the Fields;" Odette Wilderman and Miss Porter will play a number by Diabelli; Mary Woodbridge, "Dialogues," by Meyer-Helmund; Wilma Mills, 3 Etude, by McDowell; Hazel Everhart, "Polonaise," by Chopin; a study from McDowell by Miss Martha Koch; vocal, "My Heart is Light," by Sans Souci, Miss Lucy Gee.

### Spizierinkum Club.

The Spizierinkum club met in their regular weekly meeting at the home of Miss Mary Coulter. As it was getting close to George Washington's birthday, the hostess decided she would have a patriotic meeting as well. The girls were requested to come dressed in the old colonial styles of short calico dresses and with the hair braided and hanging down their backs.

The boys were to come dressed in knee length trousers, short coats and slippers. After the regular order of business had been attended to the members responded to roll call with some saying or short account of some of Washington's career. After this Mr. Alec Jensen gave a short biography of Washington's life. The rooms were decorated in American flags, and hidden through the rooms in obscure places were a number of small paper hatchets, and the members were asked to see which one could find the largest number. The prize, a small pin cushion, was won by Miss Neva Smith. Then was passed around paper, and each one was asked to write down the first thirteen presidents and the thirteen colonies that comprised the New England states. This prize, a beautiful pennant, was won by Earl Vickery. Then each one was requested to see which one could draw the best off-hand picture representing George Washington chopping down a cherry tree. This prize, a box of candy, was won by Delbert Ambrose.

At a late hour a delightful luncheon was served by the hostess, assisted by

### Lent Begins Tomorrow.

Tomorrow is Ash Wednesday which marks the beginning of the Lenten season and in Maryville, as elsewhere, is the day from which, for forty days, there is a pause in the round of human festivity and in some sort of giving up of the mere pleasures of life.

### GUILFORD NEWS ITEMS.

Farmers are coming into Guilford to do their trading in bobsleds for the first time this winter. It is the common mode of travel here at the present time.

The appointment of Rev. C. O. Ransford at the Bethel church Sunday was cancelled on account of the bad weather.

The young people of the Latter Day Saints church are reproducing the program given two weeks ago at Guilford at Conception Tuesday night. It was very creditable and Guilford people would not object to seeing it again.

Albert A. Wray and his wife of Fredonia, Kan., and John Morin and his wife and two children of Parnell, are in Guilford visiting their brothers, Will and Carl Wray and their families.

Mrs. C. J. Mossey and her son and daughter, 5 and 3 years old, of Clyde are critically ill of pneumonia.

### Dreams Dispelled.

A man with an up-to-date fishing outfit emerged from the highway and made straight for a pond once famous for its splendid trout fishing. He wore a contented and expectant smile as he carefully arranged his tackle and adjusted his bait. Then he selected a shady spot on the bank, threw out his line and patiently awaited results.

After two hours of this a traveler came along and said with the air of one who knows:

"Hi, mister; you'll find no fish in that pond."

"What did you tell me for?" queried the other petulantly. "You've spoiled my whole day's fishing!"—Everybody's Magazine.

Mr. and Mrs. George B. Baker returned Monday night from a visit in Chicago with their daughter, Miss Carrie Margaret Baker, who is a student at Northwestern university.

## REMOVAL OF TARIFF CUTS COST OF LIVING

Redfield Says Beef, Butter, Corn and Wool Now Cheaper.

Wheeling, W. Va., Feb. 24.—Removal of tariff duties has resulted in a tendency clearly and openly in the direction of a reduction in the cost of food and clothing, and climate conditions, not business depression, are responsible for the number of unemployed in industrial centers; marked improvement in conditions in the industrial and commercial regions of the country has come, reviving courage and destroying alarm.

This was the message delivered to the nation by William C. Redfield, the administration's spokesman on commercial and industrial problems, before the Wheeling board of trade. Every statement the speaker made was fortified by official statistics.

Mr. Redfield defended the tariff act, lauded the currency law and with decided emphasis assured his audience that the government intends to help and not hinder legitimate business.

"The tendency is clearly and openly in the direction of a reduction in the cost of food and clothing through the removal of the tariff tax," he said. "It may be well to point out, however, that the costly processes of distribution lay a tremendous tax upon our consumers, and that in my judgment the single and little discussed factor of cartage alone lays a heavier burden upon our people than the total amount paid for railway freights. Many things are bought in the whole sale trade already more cheaply than they were a year ago, particularly woollens, beef, corn and butter."

**Beef and Butter From Argentine.**  
New York, Feb. 24.—Two million pounds of Argentine beef and a large consignment of Argentine butter arrived here on the steamship Van Dyck.

**TRAINS FORCED TO STOP**  
Winds of Hurricane Force Rock Coaches on "Katy" Road.  
Denison, Tex., Feb. 24.—Missouri, Kansas and Texas ("Katy") railway trains were compelled to stop between St. Louis and Parsons, Kan., because of high winds. The hurricane-like winds rocked the coaches with such force that the lives of their occupants were endangered. Windows in the train were blown out and passengers suffered from the cold.

**Traffic Badly Tied Up.**  
Chicago, Feb. 24.—Colder temperature brought more suffering in the wake of the severe wind and snow storm that paralyzed traffic in the middle west Sunday. All trains, except those from the north, were reported from three hours to more than a day late.

## "CASCARETS" CLEANSE LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.—Advertisement.

## GIVEN NEW TRIAL

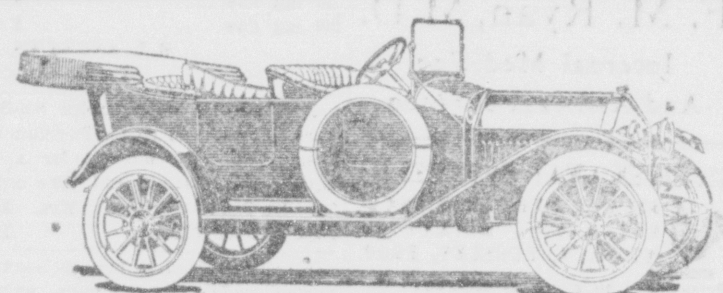

Supreme Court Rules Bloodhound Evidence Is Too Unreliable.

Springfield, Ill., Feb. 23.—Ray Pfanschmidt, convicted in the Adams county circuit court of a quadruple murder, won in the state supreme court when the lower court's finding was reversed on a writ of error. Pfanschmidt will have a new trial.

One of the points which won a new trial for the defendant was the decision by the upper court that the conclusions of bloodhounds were too unreliable to be accepted as evidence.

The crime for which Ray Pfanschmidt is charged was the killing of Charles Pfanschmidt, his father; Mathilda Pfanschmidt, his mother; Blanche, his sister and Emma Kaempfen, a school teacher boarding at his home.

VILLA TELLS OF  
BENTON KILLING

Says Victim Confessed Guilt and  
Did Not Ask for Mercy.

## NOT PERSONAL EXECUTIONER

Rebel Chieftain Says He Did Not Want to Slay Benton With Own Hands, as It Would Seem Bloodthirsty—Ignores Request for Body.

Chihuahua, Feb. 24.—The story of the killing of W. S. Benton told to reporters here by General Villa differs but little from the official statement given out at Juarez, which declared that when Benton reached for his hip pocket General Villa knocked him down with a blow of the fist. General Villa said that when Benton made this move he poked his own pistol into Benton's stomach and then turned him over to the guards.

General Villa insisted that Benton came to take his life and referred to Benton's mission concerning the welfare of his ranch as a "pretext to gain admittance."

According to General Villa, Benton, after the verdict of the court-martial, confessed his guilt and declined to ask for mercy. He merely requested that his property be turned over to his widow.

## Contradicts Official Report.

General Villa contradicted his official report to the American consul at Juarez that Gustav Baugh, a German-American, accused of being a spy, had been brought to Chihuahua. General Villa said he knew nothing of him.

Of Benton's death he said:

"Benton gained entrance to my office in Juarez on the pretext that he wanted to see me on some personal business connected with his ranch. Los Remedios, near the city of Chihuahua. As soon as he entered he began to address me in abusive language. I had some experience with him before and knew his temper. I know also that he had mixed too freely in Mexican politics, but I did not suspect that he was coming into my office to murder. He had not talked long when he reached for his hip pocket. I grabbed his hand and at the same time thrust my revolver into the pit of his stomach to stop him. I did not wish to appear bloodthirsty and therefore did not shoot him myself. My guards seized him, took his pistol away from him and placed him under arrest. It was decided to try him by court-martial and this was done in the regular manner prescribed by law. That is all there is to it. We could have treated any other offender in the same way whether he was American, Spanish, German or Japanese."

## Why He Was Executed.

"Benton was not only guilty of attempting murder, but of other offenses, for we have proof of his enmity to our cause and of the aid he rendered our enemies. He was, however, executed for attempting to take my life. I have nothing to conceal about it. I know the incident has aroused comment in the United States and Europe and that is why I am making this statement. A man who acted as Benton did would have received the same treatment in any country. I want to emphasize the fact that I did not kill Benton myself; I would not have soiled my hands with the execution after the court had found him guilty. After the verdict Benton confessed. He did not appeal for mercy, but asked that his property be secured to his wife. We promised that this would be done. Statements have been made that we have executed other foreigners, but these are untrue. Benton is the only one."

## Eyes on Washington.

El Paso, Tex., Feb. 24.—Interest in the execution of William S. Benton by General Villa continues with little abatement, but all eyes were on developments at Washington.

Consul Edwards at Juarez said that the state department's request—it was a request and not a demand—that Benton's body be turned over to the widow had met with no response from General Villa, who is at Chihuahua.

Benton's friends assert that while Washington may for diplomatic reasons accept the official version of a court-martial which the rebels allege tried Benton and found him guilty of attempting General Villa's life, there is still no disposition among them to change their own verdict of murder. There is said to be evidence that an American witnessed the shooting.

## Developments at Washington.

Washington, Feb. 24.—Regardless of whether or not the execution of William S. Benton, a British subject, by General Villa was justified, developments emphasized clearly that protection of foreigners in rebel-torn Mexico had become a commanding problem of increased international importance, appreciated no less by President Wilson than by leaders in congress. Pending resolutions looking to better protection for foreigners soon will be taken up by the senate.

The discussion in the British parliament of the Benton incident was read with much interest by officials, who observed particularly that the United States was not held responsible by Sir Edward Grey for the death of Benton.

The Weather.

SULZER SEEKS  
TO REGAIN JOB

Institutes Legal Proceedings to  
Get Back Governorship.

Albany, N. Y., Feb. 24.—Legal proceedings were instituted before Judge Chester of the supreme court by William Sulzer to regain the governorship, from which he was removed last October.

An order was issued by the court commanding Comptroller Solmer to appear and show cause why a writ of mandamus compelling him to pay the former governor his full salary as the occupant of that office should not be issued. Mr. Sulzer previously had made a written demand on Mr. Solmer for his salary.

When Attorney General Carmody notified Justice Chester that he would oppose the granting of the writ the court said he intended to refuse it as a question of law, holding that the court of impeachment already had passed on the contentions of Mr. Sulzer.

An agreement then was made between the attorney general and Colonel Alexander S. Bacon, counsel for Mr. Sulzer, to facilitate the determination of the questions involved by the state courts. The appellate division will be asked to affirm Justice Chester's proposed order denying the granting of the writ, and then the case will be carried to the court of appeals, where a similar request will be made. Thus Mr. Sulzer will be able to file his case in the supreme court of the United States with little delay. It is believed. Doubt is expressed, however, if a final decision can be obtained from the supreme court before the term of Governor Glynn, successor to Mr. Sulzer, shall have expired on Dec. 31, 1914.

## STOWAWAYS WASHED OUT

Had Secreted Themselves in Lifeboat on Steamer La Lorraine.

New York, Feb. 24.—When La Lorraine of the French line, after a rough voyage from Havre, docked, the story of two stowaways, who were literally washed out of a lifeboat, was told by the ship's officers.

The two had secreted themselves in a lifeboat shortly before the ship left Havre, on Feb. 14. On the 17th, during a heavy gale, La Lorraine shipped a sea over the starboard bow and the water flooded the lifeboat and sent the stowaways struggling out from under the canvas covering. The men described themselves as Damon Laves, a Spaniard, and Jean Fairne, a Frenchman. They will be returned to France by the same steamer. Canned meats and other supplies were found in the lifeboat.

## Sends Bullet into Heart.

Boone, Ia., Feb. 24.—"Well, goodbye, George," were the last words of Clarence Corday, a well known young man of this city, as he placed a revolver against his heart and fired. The words were spoken to his brother, with whom he had been spending the evening playing cards. A love affair is said to have prompted the deed.

## Federal Troop Train Is Blown Up.

Vera Cruz, Mex., Feb. 24.—A government troop train, carrying a company of infantry from Mexico City, destined for Jalapa, was blown up by rebels. The explosion was terrific and the entire train was demolished. All on board, including fifty-five officers and men and the English engineer, were killed.

## Adler Heads Jewish Historical Society.

Philadelphia, Feb. 24.—Dr. Cyrus Adler of Philadelphia was elected president of the American Jewish Historical society at the final session of the twenty-second annual meeting of the organization here.

## FOUNDER OF "GO TO CHURCH"

Rev. Edward Thompson of St. Louis Claims Credit.

Chicago, Feb. 24.—The father of the go-to-church Sunday movement has been discovered. The claim to the title is made by Rev. Edward Thompson of St. Louis, who spoke in the Fowler Methodist Episcopal church.

"One year ago," Dr. Thompson said, "I started the go-to-church Sunday movement in Cincinnati. It did not meet with the universal response the later movements have met, but it enlisted a large number of churches and was a success. I had never heard of the idea being advocated by anyone before that time. The religious census of 1912, showing the small attendance at church, led to the idea."

## MRS. EDGAR FLEES HER HOME

Zinc King's Wife Refuses to Return to St. Louis, Spouse Says.

St. Louis, Feb. 23.—Mrs. Selwyn C. Edgar, the third wife of the president of the Edgar Zinc company, is living separated from her husband.

Mrs. Edgar went to Chicago to visit her brother, Alfred Henley Shotwell, Feb. 6, and since then has refused to return to the Edgar home, at 4375 Lindell boulevard, according to a statement made by Mr. Edgar.

Urgent letters and telegrams begging her to return to him and citing his loneliness and need of her company have been ignored, the husband says.

## Frosted Windows in Saloons Barred.

St. Louis, Feb. 24.—Frosted window panes and drawn shades are barred from saloons in St. Louis county, according to an order of the county executive board. The commissioners desire that the windows be kept clear so investigators can see without entering whether the excise is being violated.

PLAN TO HONOR  
TELLER'S MEMORY

Movement Started to Have His  
Bust Placed in Hall of Fame.

## FORMERLY A CABINET OFFICER

Was Secretary of Interior and Served Thirty Years in Senate, Having Been Elected the Year Colorado Was Admitted to the Union.

Denver, Feb. 24.—Highest state honors will be paid the memory of former United States Senator Henry Moore Teller, whose death marked the passing of the last of the earlier day statesmen of Colorado. At the request of Governor E. M. Ammons, members of the former senator's family have expressed a willingness for the body to lie in state in the state capitol tomorrow. Members of the Masonic order, of which Senator Teller was a thirty-third degree member, will conduct the public funeral services.

Governor Ammons started a movement to have the Colorado statesman represented in the Hall of Fame at Washington by a bust of Senator Teller.

In 1876, with the admission of Colorado as a state, Senator Teller was chosen to represent it in the United States senate, and there he acted in that capacity for thirty years, first as a Republican and later as a Democrat. In 1883 Teller left the senate to enter President Arthur's cabinet as secretary of the interior, but he left that office again in 1885 to re-enter the senate.

## WILSON CROSSES POTOMAC

President Makes Trip in Yacht to Review Washington Day Parade.

Washington, Feb. 24.—President Wilson crossed the ice-jammed Potomac in the naval yacht Sylph and from a glass-enclosed stand reviewed a civic and military parade in Alexandria, Va., which marched through a frigid snowstorm in honor of the first president of the United States.

With the exception of brief exercises in the senate the national capital turned to Alexandria, in the environments where George Washington had lived, for its official celebration of the birthday.

Vice President Marshall laid a wreath on the tomb of Washington at Mount Vernon and, returning to Alexandria, joined the president, members of the cabinet and Governor Stuart of Virginia in watching the parade.

## MILITIAMEN ATTACK FLAG

Staff of Stars and Stripes Broken by Michigan Guardsman.

Hancock, Mich., Feb. 24.—Interference with strikers' parades and brutal treatment of some of the participants were the principal charges made against the Michigan national guardsmen by the dozen witnesses introduced before the congressional investigating committee by the Western Federation of Miners.

Witnesses told of parades at Calumet and Mohawk, which they said had been stopped by the soldiers. Frank King said that during the Calumet parade a guardsman had broken the staff of the American flag with a saber and another had punched the flag with his bayonet. Victor Lievathas said he was attacked at Mohawk while carrying the Stars and Stripes.

## Wolsey Faces Trial.

New York, Feb. 24.—Alonso W. Wolsey, teller in the Plaza branch of the Union Trust company, who, with Joseph T. White, a bookkeeper, is charged with peculations estimated at \$60,000, was arraigned in court. Counsel for Wolsey declared much of the money taken from the bank had been lost on horse races. Upon one occasion, he said, White lost \$7,000 on a single race.

## Captain Danks Makes Admission.

Trinidad, Colo., Feb. 24.—Admission by Captain W. H. Danks that the Colorado national guards in the coal strike zone had arrested and detained men as military prisoners, removed the question of all unconstitutional imprisonment from the realm of fact to that of judicial interpretation. The house investigating committee barred further testimony on that subject.

## Eight Women in Race for Aldermen.
